Phoenix Park Acceptable Use Policy

Aims.

This Policy applies to all of the school's "devices", which means all computers, tablets, laptops, smart phones, interactive white boards and other IT resources that connect to the school's network.

This Policy applies to staff and students of Phoenix Park Specialist School. The School reserves the right to amend this policy from time to time entirely at its discretion.

This Policy should be read carefully to ensure that the content is accepted and understood. The aim of the Acceptable Use Policy is to ensure that students benefit from the learning opportunities offered by internet access in a safe and positive manner. This Policy also aims to establish minimum standards for, and let the students, parents/guardians know of the school's administration and monitoring of, the school's devices, equipment and networks.

School Strategy

The school employs a number of strategies in order to maximise learning opportunities and reduce risks associated with the Internet. These strategies are as follows:

- A firewall is used on school devices to minimise the risk of exposure to inappropriate material and to block unsuitable sites. This is regularly updated.
- Students and teachers will be provided with training by teachers in the area of research techniques specific to the Internet.
- Uploading and downloading of non-approved software on school devices will not be permitted.
- Virus protection software is used on school devices and updated regularly.
- A teacher or SNA will always supervise Internet sessions which are conducted on school devices.

- Websites will be previewed / evaluated by a teacher using a filtering system, before being integrated into lessons conducted on school devices.
- The School's search engine has a built in 'safe search' feature. The 'safe search' feature will be enabled on all search engines on school devices.

Phoenix Park Specialist School Acceptable Use Policy

- Students will observe good "netiquette" (i.e., etiquette on the Internet) at all times and will not undertake any actions that may bring the school into disrepute.
- It is important to note that the school's Anti-Bullying Policy should be read in conjunction with this Policy. Parents/guardians and students should be aware that placing a once-off, offensive or hurtful internet message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Use of the Internet

- Students will be taught specific lessons on online safety by teachers.
- Students will not knowingly attempt to visit Internet sites on school devices that contain obscene, illegal, hateful or otherwise objectionable materials and the school will not be responsible for any attempts taken in this regard.
- In the event of accidentally accessing any of the above sites, the student will be expected to immediately turn off the monitor/screen and report the incident to a teacher or supervisor.
- The internet will be used to enhance learning and will be used for educational purposes. All websites used by the teacher will be vetted in advance by the teacher.
- Students will not upload, download or otherwise transmit material that is copyrighted on school devices.

- Students will not disclose or publicise personal or confidential information to others online. Examples of this are, but not limited to, their own or classmates' home addresses, telephone numbers, email addresses, online profile information or name and location of their school.
- Students will not examine, change or use another person's files, username or passwords.
- Students will be aware that any usage, including distributing or receiving any information, school-related or personal, may be monitored for unusual activity, security, and/or network management reasons.
- The school takes every reasonable precaution to provide for online safety, but it cannot be held responsible if students access unsuitable websites either deliberately or inadvertently.
